

# The Mark of a Real Estate Pro

" I recommend the GRI program to all agents at any level! It helped me from New construction to Existing. I tripled my business in one year after I got my GRI designation. It does not require a yearly fee, and the classes we're actually fun! I hope to increase the number of agents in my company that have the GRI designation in the next year because of the wonderful knowledge and friendships I gained getting my GRI designation!"

**GRI: Recognized NATIONWIDE as  
the Standard for Real Estate  
Professionalism and Knowledge**

The GRI program has made me a more well rounded Real Estate Agent. The added knowledge I obtained from the GRI program has enabled me to serve my client to a higher degree of professionalism. The added training has helped me to obtain more listing because of the experience I have gained. I would highly suggest this program to all agents even if you have been licensed for 10 years you are guaranteed to learn a lot plus the GRI designation sets you apart from your peers. I liked it so much I even took the Rookie class twice.
