The following committees have open membership and are not limited to the number of members who can serve on them:

Convention Committee. Responsible for the annual convention programming and promotion. Members proctor the continuing education classes, assist convention rookies, and seek out contributors and exhibitors.

Senator Contact Team. Members assist the Association in contacting their state senator on legislative issues that affect the real estate industry.

Professionalism, Equal Opportunity, Participation. This Committee is responsible for the development of tools and education to promote professionalism, development of education to promote equal opportunity in housing, and development of members engagement in Association committees and activities.

Statewide Professional Standards Review Committee. The members of this committee aid in the interpretation of the Code of Ethics through the development of education and printed materials. The committee oversees the Code of Ethics and Arbitration hearing procedures.

Forms Committee. This committee reviews and creates forms necessary in the real estate transaction.

Commercial Forum. The purpose of this forum is to unite commercial practitioners across the State of Nebraska with the goals of monitoring and influencing legislation impacting commercial real estate transactions and commercial property owners, identifying and offering commercial real estate education, and provides a platform to facilitate networking.

Governmental Affairs. Monitors legislation introduced impacting the real estate industry and private property rights. Members are also involved in grassroots efforts to pass legislation working with their elected representative on issues.

License Law Committee. This committee focuses on license law issues and interfaces with the Nebraska Real Estate Commission.

* Committees typically meet twice a year in conjunction with the State Association's annual convention and fall meetings. Meetings are called as necessary in between these times and depending on the nature of the meeting can be set up as a teleconference or webinar meeting.
