GRI 105 concentrates on methods used to evaluate all types of investment properties, from small rentals to large commercial investments. Management of investment real estate, including tax benefits/drawbacks and financing is also covered in this course. Most people spend more time planning their family vacation than planning their bottom line and financial future— don't be one of them.. Let Tom show you how to plan for your financial future..

Tom Lundstedt, CCIM, is one of America's most popular speakers on the topics of investment real estate and taxation. He began buying investment real estate as a very young man and continues to build his personal portfolio of properties throughout the USA. In another life, Tom was a catcher for the Minnesota Twins and Chicago Cubs.
