

# Nebraska REALTORS® Association AFFILIATES\*

## Why should I become an Affiliate member of the NRA? Networking. Communications. Advocacy.

### Networking

As an Affiliate member of the Nebraska REALTORS® Association, you'll be part of the best and most extensive statewide network of real estate professionals. Affiliate members come from many areas related to real estate, including title companies, lenders, attorneys and law firms, inspectors, pest-control firms, real estate developers, builders, property managers, educators and real estate business products providers.

Affiliate membership provides you with a solid customer foundation and brand opportunities. Like most professionals, REALTORS® prefer working with people they know. Attend NRA meetings and conventions and get face-to-face with potential clients and business partners from across the state.

### Communications

Affiliate members receive our quarterly newsletter, *Nebraska REALTORS® News & Notes*, to stay on top of things happening at NRA and in the real estate industry.

### Legislative Advocacy

Laws that affect REALTORS® and real estate also influence everyone with whom they do business. Your Affiliate dues help promote an aggressive NRA advocacy program. The Nebraska REALTORS® Association Governmental Affairs Department monitors and lobbies real estate legislative and regulatory issues on the local, state and national levels.

### Still not convinced? Affiliate members also receive:
